MILTON KEYNES PLAYBUILDER INITIATIVE TO PROVIDE INVESTMENT FOR THE KENTS HILL LOCAL PARK PLAY AREA

The play area at the north end of Kents Hill playing fields just above Sweetlands Corner has been identified as an area for new play development by Milton Keynes Play Strategy Group.

They have said 'We want all children and young people who live in, go to school in, or visit Milton Keynes to experience and enjoy a wealth of play opportunities so that they can discover the world around them, build relationships and therefore develop as equal and positive participants in community life'.

Our local authority strategically rolling out this scheme through play partnerships, involving local families and especially children in the age group 8 - 13.

If you live in the locality to this park and would like your opinions and ideas heard, and would like to see the latest new designs, we need you to come forward.

As a Parish Council we want local people to have *their say* on what happens in *their* community, and be part of and share in the success of a great project. We want to promote the value of play in developing children's lives.

Many local objectives will be met through the delivery of this project and there will be a chance to find new and exciting extra funding to further enhance this not to be missed opportunity.

Other parts of Milton Keynes have already benefited from this lottery funded scheme and the project is entering its second year. It is hoped that the Kents Hill local park will be in the new confirmed list of development sites.
