Hi Jenni,

Good to speak to you last week,

As we discussed. We do not normally carry out short term deployments as it is a contracted service. As this is in anticipation of a longer term contract we can pro-rata the £7,800 per annum charge and convert to the other contract later.

Once you have more details on the potential locations, please let me know and I will pop to the areas to survey.

Many Thanks

Luke

You don't often get email from jenni.ferrans@kentshill-monkston-pc.org.uk. [Learn why this is important](#)

07775 926993

But tomorrow now please.

Thanks very much

Jenni

Hi Jenni,

Hope you are well,

Justin is out of the office at the moment, what is the best number to call you on to run through this?

Thanks

Thanks very much for your pricing.

We probably want to go ahead with the service from 1st April, though we'll finally decide nearer

the time, but a serious issue has arisen and we could do with a camera from mid-February. (Not sure when we will make the formal decision) for a few weeks.

Do you offer any trial? Or a pricing for a short time?

If so, can you send me the price and also your contract terms. And how much notice do you need? The site would be on a highway asset on a redway or road owned by MK City Council.

Thanks very much
